Description

The building on Dzirnavu Street, which is currently being renovated, was designed by a famous Latvian architect Edmund von Trompowsky at the beginning of 1900. This complex with two courtyards forms part of the cultural and architectural heritage of Riga. A great advantage is the location of the building in a prestigious and quiet residential area, a mere five-minute walk from the historical centre of Riga with its lovely city parks and public gardens. Despite its central location, the building is situated on a quiet street with no traffic.
